

CABINETS FOR THE BATH

WELCOME

Showplace Cabinetry is nationally-known, yet we're most proud of being locally-owned, employee-owned in fact. Our employee-owners take great pride in every cabinet crafted to your specification.

Offering overlay and inset *framed* cabinetry and ShowplaceEVO *full-access*, or *frameless*, cabinetry, your options are nearly limitless. Our cabinetry features heirloom quality and trendsetting style. Every Showplace and ShowplaceEVO cabinet is made in America, right here in the heart of the Midwest, and backed by the assurance of a limited lifetime warranty.

Newest to our Showplace family of product lines is Longview by Showplace. Longview is *made for the moments*. For those whose moment includes an emphasis on affordability, we encourage you to explore this fresh perspective on how we approach crafting and delivering cabinetry—contemporary, responsible, and stylish. Visit with your Showplace designer to learn more about how this line of cabinetry differs from other Showplace brands.

What follows here is just a small sampling of what is possible when you choose employee-owned Showplace. Bring your ideas to a Showplace designer and discover what we can do for you.

POWER OF PAINT

Showplace painted finishes give the impression of a solid-color surface, but with our Showplace and ShowplaceEVO lifetime-warranty quality. Our multi-step process includes a final topcoat with an oven-baked varnish for superior durability. Standard paints and Vintage paints are offered in your choice of satin or matte sheen on rustic alder, red oak, and paint grade/HDM. Paints can be accented with no-charge, hand-wiped glazing or hand distressing on non-slab door styles. Paints can also be specified in the Vintage, Brushed Vintage, and Subtle Vintage finish packages.

SHOWPLACE COLORSELECT

The ColorSelect option gives you the ability to choose your exact hue from the Sherwin-Williams fan deck, with more than a thousand choices. This allows you to coordinate your cabinetry with other painted elements in the home. Talk to your Showplace designer for full details.

Have your heart set on a specific paint color from another paint brand? Not a problem. The Showplace ColorSelect Custom option frees you to create cabinetry in any paint color, from a suitable swatch or chip. Some limitations apply, so talk to your Showplace designer about this special offering. Available in Showplace overlay and inset lines.
